1ST THEMATIC WORKSHOP - WP3 – TASK 3.1
BUSINESS-EDUCATION PARTNERSHIPS

Skills & Labour Market Needs in Construction

The EXCEL4HOUSING consortium invites you to participate in the 1st Thematic Workshop on Skills & Labour Market Needs, organised within WP3 – Business-Education Partnerships.

Why This Workshop?

This joint thematic workshop brings together all thematic working group areas in a single forum, engaging industry, education, and labour market stakeholders to validate skills gaps and priority training needs supporting the transformation of the European construction and housing sector towards greener, more digital and circular practices.

Why Participate?

- Contribute to validating current and future skills gaps in the construction sector
- Strengthen long-term business-education cooperation across Europe
- Exchange perspectives and good practices with stakeholders from different regions
- Engage with the EXCEL4HOUSING European stakeholder community

Who can attend?

- Construction companies and SMEs
- VET providers and universities
- Sector associations and chambers
- Labour market bodies and policy stakeholders
